HIGH SPEED... Qwest DSL Service from E-Net

With a **HIGH SPEED** DSL Internet package through E-Net and a DSL circuit from Qwest, you will be able to connect your desktop, laptop or office network to the Internet at speeds up to 50 times faster than a 56k dial-up connection. On connection you will have unlimited dedicated access to all Internet services including E-mail, the World Wide Web and a full Usenet news feed. For more information go to: <http://www.enetis.net/services/adsl/>

Computer Requirements:

IBM Clone: Pentium 200mhz or higher running Windows 95/98/ME/NT4.0/2000
 Macintosh Power Mac running Mac OS version 8.5.5 or higher with Ethernet card
 Memory: 32 Megabytes of RAM memory and 200 Megabytes of hard disk space
 Modem/Router: DSL Router supporting PPP over ATM
 Qwest DSL Circuit: See current pricing below

Qwest DSL Services

- Dedicated Connection**
 Your Qwest DSL circuit is an Always-On connection allowing you to connect to the Internet much easier than a dial-up modem over common telephone lines. Simply click on your browser or any other Internet application and you are working within seconds.
- E-Mail Address**
 Each account will include **two e-mail addresses**. These will be your addresses on the Internet for you to send and receive electronic mail. Additional addresses can be obtained for a monthly charge of \$3.00 for a group of 5 addresses.
- Disk Space**
 All DSL accounts will include **20MBs** of disk space for you to store your corporate web pages, e-mail or any other electronic data.
- Free Technical Support**
 E-Net will provide free technical support to assist in making your ride on the Internet as easy as possible.
- Modem Package** *(you may have additional charges depending on the modem you choose)*
 Each modem package includes a DSL modem, microfilters that are used on any analog phone jack for either data or voice traffic, a 3COM PCI Ethernet card for Windows computers or a PCMCIA card for laptop/notebook users, appropriate cables and user installation guides.

Qwest DSL Pricing

Qwest DSL service will be ordered for you by E-Net and an install date will be e-mailed to your account (**your phone number will remain the same**). Qwest will in turn bill you a one-time install fee, an on-site install fee (optional), as well as your monthly reoccurring circuit charge. The monthly circuit fee will be in addition to your current phone charges. E-Net will charge you a monthly Internet Service charge replacing your current charges (if currently a customer), along with a one time setup fee on all Professional accounts and a one time install fee if you choose to have E-Net perform an on-site installation. More Info and sign up on-line at: <http://www.enetis.net/services/adsl/>
